During the daylight hours, especially on the weekends, the traffic flows almost without a break contributing to the illusion of a life force of the structure of the bridge.

Ever wonder what it would be like to walk out to the center of the Sagamore Bridge over the Cape Cod Canal? Every trip over the bridge, I've wanted to do just that. I recommend it. It is different than you think. You think of the bridge as a great solid mass, sturdy, immovable inanimate. It's not. The bridge moves. It trembles and flexes. You would think that you could steady the camera against the bars of the fence. If you did, your pictures would be blurred beyond belief. The wind

swirl of the wind at that great height.

The view is spectacular. You get glimpses as you pass over in motion. But in the stationary mode you can see like never before. It is like suspended animation in a hot air balloon. Down, far down, is the bike path with its steady stream of people who are enjoying the finest recreation area in all of the northeast coast. Where else can you find 14 miles approximately of a flat road (both sides) that is solely for hikers and bikers. No fumes, no traffic, just open vistas of great beauty and constantly changing vessels passing within range of your voice, if you can really yell. This is the greatest open air gym ever devised and open to anyone. The path can be reached from so many points that the variety is constant. No one in this section of New England, capable of walking, has any excuse to say that they are bored.

Help for Hurricane Victims

MATTAPOISETT SELECTMEN'S MEETING
SEPTEMBER 3, 1991-by VIRGINIA MORGAN

There is help for homeowners and businessmen in the form of the U.S. Small Business Administration (SBA), whose representatives have set up an office in the town hall conference room, 16 Main Street, now through September 14th, longer if necessary. The hours are Monday through Friday, 9 a.m. to 6 p.m.; Saturday, 9 to 4, and Sunday, 12 noon to 4 p.m.

SBA Loan Officer Supervisor Terry Baur informed selectmen last Tuesday of the financial help available through several different programs. He estimated it would take two hours to put together a loan package for homeowners and about 6 to 10 hours for business owners, covering historical data and damage information.

Mr. Baur said the final filing date for physical loss is October 28, 1991 and May 29, 1992 for economic disaster loans, 60 days and 9 months, respectively from the date declared by the president as being eligible

for emergency assistance. He noted both profit and non-profit organizations are eligible.

The federally funded program is independent of FEMA (emergency flood control) and there is no bank involved in the loans. "We are empowered to do declarations without FEMA. In eight of 10 cases, we determine more damage costs than insurance companies do. Loans cannot duplicate insurance benefits; however, even if it is insured, we could address a larger extent of damage," Mr. Baur explained.

The three programs are: Home Disaster Loans - loans to homeowners or renters to repair disaster-related damage to homes or personal property that is owned by the applicant. Renters are eligible for personal property loans. Business Physical Disaster Loans - loans to businesses to repair or replace disaster-related damage to property owned by the business, including inventory and supplies. Economic Injury Disaster Loans - working capital loans to small businesses and to small agricultural cooperatives to assist them through the disaster recovery period. These loans are available only if the business or its owners cannot obtain this type of assistance from non-government sources.

As credit requirements to obtain the loans, you must show that you have the ability to repay them. Physical loss loans in excess of $10,000 and economic loans in excess of

$5,000 must be secured with collateral. However, loans will not be declined for lack of a fixed amount of collateral. Interest rates and terms vary. For homeowners and renters, up to $100,000 for repair or replacement of real estate; up to $20,000 for repair or replacement of personal property. For business physical disaster loans, up to 100 percent of the uninsured, SBA verified loss not to exceed $500,000. For economic injury, up to $500,000 is available for qualified persons.

For additional information please see Mr. Baur in the town hall conference room or call SBA at 1-800-221-2093.

Selectmen said they are grateful to Mr. Baur for the help to Mattapoisett victims and the town offices are ready and willing to help in any way they can. Mr. Baur commented he had received great help from the town hall exmployees.

In other business, selectmen:

ANNOUNCED that the following offices will be open from 8 a.m. to 12 noon each Saturday in the town hall to assist those residents in need of rebuilding following the hurricane: Building Department, Andrew J. Bobola, building inspector; Board of Health and Conservation Commission offices will each have a representative from that board. It was pointed out that no decisions will be made; the officials will be available for information purposes only.

New sanitary landfill hours: Tuesday through Friday, 8 a.m. to 2 p.m.; Saturday, 8 a.m. to 4 p.m.; CLOSED SUNDAY and MONDAY. Tickets will be required for all materials with the exception of brush; no charge for brush until September 30th.

September 11th, 7 to 9 p.m.; and September 25th, 7 to 9 p.m.; all other times by appointment only.

Tree Warden Marshall Pryce announced the town is still chipping tree limbs that are left curbside on all streets throughout town. The tree department will provide this service one time only. Residents are urged that only tree limbs be placed curbside - not brush or leaves or other debris. If the chipper has been through your street, it will not come by again. Residents will have to make a trip to the landfill. Mr. Pryce said there is 80 percent more chipping to do.

Selectman Daniel O. Mahoney said it is inappropriate to burden the town with the cost for a second time around to pick up limbs. A cut-off date may be considered.

APPOINTED Sean Ellis and Dennis J. Tripp, both age 18, as firefighters, at the recommendation of Fire Chief Donald C. Wood, with the provision they pass the physical exam, as required by the new fire department regulations. Their terms will expire April 30, 1992.

Chief Wood noted Mr. Ellis, who will be the third generation of his family to serve the town, is a certified diver. Sean's mother is Evelyn Ellis, fire department medical of-

ficer, and William Simpson, his grandfather, is a retired police officer and present Civil Defense Director.

The chief said the men are young and eager and interested; "and I can use them. It will take about a year to train them. They will be observed for a while, so they won't get hurt in an emergency situation."

APPOINTED Paul H. Magee, police officer, as assistant fire alarm superintendent, at the recommendation of Paul M. Kelley, fire alarm superintendent. Mr. Kelley noted Mr. Magee is a good worker and has been a great help following the hurricane. Mr. Kelley feels Mr. Magee should be recognized for his service to the town. A salary will be determined for the new position.

WILL APPLY to the SBA to help pay for George Randall's truck, damaged during the hurricane.

George Randall and Edward Dexter were in Mr. Randall's truck in the Mattapoisett Neck area clearing the roads during the height of the hurricane. In one huge swell of water, the truck was swamped and they had to call for help. Even though Mr. Randall's truck was not contracted to the town no other vehicle was available at the time for the assigned work. The town's insurance wouldn't cover the truck and he had no comprehensive insurance.

According to John Bowman, town mechanic, the truck is running, but not well, and the damage is estimated at $6,500.

NOTED A CALL for volunteer help: townspeople who want to be involved in clearing the shoreline are welcome to join the Massachusetts Coastal Zone Management annual CoastSweep event (part of CoastWeek) on Saturday, Sept. 21. For exact time and place, contact Executive Secretary Carol Adams in

the selectmen's office.

During CoastSweep, miles of shoreline along the entire Massachusetts coast will be cleaned and data recorded. The data will indicate the type and amount of trash found on the shores. Volunteers can be part of this very important data gathering effort by joining a CoastSweep team.

NOTED that the town mechanic, Mr. Bowman, said Shellfish Constable Brian Nunes' truck will be ready this weekend. Selectmen agreed to extend the rental of a truck for Mr. Nunes for the next three days.

DISCUSSED COMPENSATION, preferably non-monetary, for those full-time and elected officials who worked overtime during the hurricane emergency time. Some others are on an hourly wage and can be compensated. The executive secretary was asked to prepare a list of persons who will come under the emergency overtime for next week's meeting.

Constitution Week Proclaimed

In observance of Constitution Week, September 17-21, selectmen last Tuesday issued a proclamation urging the citizens of Mattapoisett to pay special attention during that week to our Federal Constitution and the advantage of American citizenship.

Mrs. Clara D. Morgan, chairman of Constitution Week Committee for the New Bedford Chapter of the Daughters of the American Revolution (DAR), met with selectmen, saying this year is the 204th anniversary

of the establishment of the Constitution for the United States of America.

The proclamation reads, in part, "Our Foundation Fathers, in order to secure the blessings of liberty for themselves and their posterity, did ordain and establish a Constitution for the United States of America, and it is the greatest import that all citizens fully understand the provisions and principles contained in the Constitution in order to support it, preserve it and defend it against encroachment. This 204th anniversary provides a historic opportunity for all Americans to learn about and recall achievements of our Founders, and to reflect on the rights and privileges of citizenship, as well as its attendant responsibilities, and;

Last but Not Least

Beachwall superintendents had a most interesting day on Friday as a huge crane on a barge put on a show of strength and delicacy that is seldom witnessed in the same package. The 13 ton yacht from London, England, touring our coast at a most inopportune moment of the summer, was cast ashore by hurricane Bob high and dry on the shore above the beach in front of the Plumber home. The owners were forced to discontinue their voyage until some means could be found to remove this sizable craft. The crane/barge located

by the Mattapoisett Boatyard had fortunately finished a bridge job in New York and was towed to Mattapoisett where it immediately became the center of interest in a harbor that seldom hosts something so huge. On Friday afternoon, on the low tide, the barge inched its way to the shallows in front of the beach and moved one rock after another out of its path to the beach. With an incredible touch, the crane operator at the end of this arm opened and closed the bucket just as you would open and close your fingers to grasp pebbles and swung them out of the way. Finally, after about 4 hours of clearing, the barge reached as far in as it could and still float and the yacht was placed in a sling and the giant arm lifted it up and clear of the beach. High tide was due at 7:01 p.m. The lift occurred about 5 minutes before 7. The hull of the craft was port-side down with a hole stove just above the waterline. When the sling was placed around the hull that port-side was still facing down. The crane operator had to gently put the hull in the water several times so that buoyancy could help to right the boat. He did this so cleverly that the buoyancy did right the craft with the hole just out of the water. When this was accomplished, the entire crowd

Card of Thanks

The family of Edward W. Days, Jr. would like to express our thanks to the many friends and relatives for their kind expressions of sympathy during our recent bereavement through cards, floral arrangements, prayers, donations and help with the children. In the forty years our father called Mattapoisett home, he made many friends. We thought it would be appropriate to let his friends know our feelings through his poem entitled "Friends".

Friends are great treasures
One gathers along life's way.
The memories they perpetuate
Brighten each and every day.
One need not see one's friends
Because they're always there
Filling thoughts with happiness
and the memories they share.
Time on fleeted wings
Continues on its way
Carrying the best of wishes
To friends like you each day.

Edward W. Days, Jr.

Firefighters' Auxiliary

The Mattapoisett Firefighters' Auxiliary would like to start off our new season by thanking local businesses and friends for their support of our fund-raiser. This was a combined effort by the Mattapoisett Firefighters' Association and Auxiliary. The money is used for our scholarships and much needed supplies. The circus on August 4th was a great success. We would like to thank the following businesses for their support in buying banners, tickets and helping to sell tickets for us: Dennis Mahoney and Sons, Seaport Pharmacy, The Ice Cream Slip, Route 6 Video, Plumbers' Supply, Oliver's Construction, J's Texaco, Fairhaven Savings Bank, Petals Flower Shoppe, The Curtain House, Mattapoisett Auto Alarm, Cuttyhunk Seafood, Cerulli's, Don's Tire & Auto Service, Denham Construction, Cape Cod Cabinet, Baby Connection, Nick's Pizza, StorGanizers, Romeo's Package Store, Village Package Store, Joe Souza, the Realty Group, Knights of Columbus, Plymouth Savings Bank, and to all who supported us by buying tickets and attending the circus. There were a lot of people and businesses who helped in many ways and I hope I have included everyone. I also would like to thank the truly dedicated members who made it all possible. It was a lot of fun and brought back the memories of our childhood circus experience in town many years ago. I hope it will be the same for your families.

Beth Oliver, Secretary

A THANK YOU

The Mattapoisett Firefighters' Auxiliary would like to thank the businesses and people for their help and donations during "Hurricane Bob". Everyone pitched in and helped out. There was food donated from area businesses and volunteers helped cook and serve some really delicious food for workers and also anyone who needed a little help after Bob's destruction.

This is a good time to explain the focus of our organization. It was formed twenty

years ago to help the firefighters during a fire. We provide drinks and food during any long working fire, and try to assist the firemen on rotation. We also help out during long periods of loss of utilities such as with hurricanes Gloria and Bob. We try to have food and coffee, drinks, fresh water for all the workers and anyone who is in need. Our organization meets every third Wednesday of the month except July and August. At our meetings we plan different fund-raisers such as our Saint Patrick's Dance. We raise money to cover the costs to operate our emergency fund and use the rest for scholarships. We have a lot of fun and would like to welcome new members. Our first meeting of the season is at 7:00 p.m. on September 18th; come join us, or for more information call Beth at 758-4405 or Janet at 758-2355.

Letters to the Editor

A sincere Thank You to our Highway Surveyor Wesley Bowman and the men who worked so long and hard to clean up our town after "Hurricane Bob" did so much damage.

The hurricane winds had not stopped blowing when Wes and the crews were out working. The roads were cleared and opened for vehicular traffic in record time. The crews cleared trees from electric wires so the electric company workers could do their jobs more efficiently. Branches and limbs were picked up, chipped and disposed of quickly and efficiently.

The residents of Mattapoisett are indeed lucky to have had Wes as our Highway Surveyor during this catastrophe.

In appreciation for a job well done,
The Kinneys

MUSEUM "END OF SUMMER" REPORT

Despite heat, drought and Hurricane Bob, the Museum & Carriage House enjoyed a most successful summer. Many new people visited the museum and several new members were recruited.

The Steuben Glass apple was won by Pat Donahue of Mattapoisett. We thank all of you who supported this raffle project.

Many, many thanks to all of the people who served as docents at the museum. The museum could not function successfully without your help.

A special thank you also to all of the people who loaned items for our two special exhibits - the woodcarvings in July, and the quilts, coverlets and baskets in August. Extra special thanks to the Garden Group of the Mattapoisett Woman's Club for their beautiful flower arrangements during the August exhibit. They were really put to the test this year with the heat, drought and winds doing in most local flower beds.

It was a good summer and we thank you all - visitors, docents, exhibitors and flower ladies.

COMING UP AT THE MUSEUM

The Annual Meeting of the Mattapoisett Historical Society will be held at the Museum, 5 Church Street, on Sunday, September 29th, at 3:00 p.m. Following the business meeting, Emerson Hiller (long-time member

On October 3rd at 7:30 p.m. Mr. Max Ferro of the Preservation Partnership in New Bedford will present what promises to be an intriguing program entitled "Plumbers of the Past" or "A Revealing Look at an Often-Hidden, Frequently Unmentionable Technology". An amusing, illustrated lecture on the social history of sanitary engineering from ancient times to the early 1900s, this program is open to the public. There is a $2. admission fee for non-members.

Friends of the Elderly

The Friends of the Elderly of Mattapoisett held a meeting recently for members and guests who were interested in learning how to stretch your food dollars. Mrs. Carolyn Vaughan, Coordinator for SHARE NEW ENGLAND, explained how for $13.00 and 2 hours of community service anyone can receive $30-$35. worth of food.

The Friends intend to host a SHARE program in Mattapoisett and start distribution in October.

Anyone who did not attend the meeting but would like to participate in SHARE may call Vivianne Surprenant (758-6451).

FOCUS ON COUPLES WORK

The Marion Center Associations Foundation cordially invites the public to the first in its fall series of awareness hours, to be held on Saturday, September 21st, from 10:00 a.m. to 12:00 noon at Saint Gabriel's Parish Hall, 124 Front Street in Marion. Entitled "An Introduction to Couples Work", this first awareness hour will feature a panel of couples who have participated in marital therapy, sharing their experiences and talking about what has helped in improving their relationships.

"At times an intimate relationship can be blissful and rewarding", comments Marion Center Associates psychologist Dr. Arthur Sklut. "At other times, however, making a relationship work can be difficult and

P. Dixon's Condition Upgraded

Phillip Dixon, the 10-year old boy who was struck by an automobile driven by 71-year old Wallace Underwood on August 25th on River Road, Mattapoisett, has had his condition upgraded from critical to poor, said Police Chief James F. Moran.

Son of Mr. and Mrs. Robert Dixon, Phillip received extensive injuries when he was riding his bicycle at 1 p.m. on the Sunday with his 8-year old sister; she was not injured. Phillip remains at New England Medical Center in Boston.

The Dixons' neighbors, Patty Apperson and Frances Vickers, have established the Phillip Dixon Fund, c/o Ruth Costa, Plymouth Savings Bank, P.O. Box 455, Mattapoisett, MA 02739, to assist with the family's financial needs during this crisis.

Mr. Underwood was arraigned at Jordan Hospital in Plymouth by Judge Byron Martin of 4th District Court. Bail was set at $10,000,000 surety or $1,000,000 cash. He was later transported to Bridgewater State Hospital where he was committed for evaluation after which he would be subject to bail review. Mr. Underwood has been charged with assault with intent to

The Mattapoiseth Inn

Overlooking Mattapoisett Harbor

"Feel like doing something different, Harry? The Mattapoisett Inn is featuring a concert piano performance by a recording artist on **Monday, September 30th at 8:00.** **PARRIS BAUER** will be performing "Songs from the Heart" on a gorgeous grand piano, and Marlene will be making hors d'oeuvres. $7 is such a deal, Harry -- if you call for tickets, I'll take your mother to the **FASHION SHOW** at the Inn on **Wednesday, October 2nd.** She'll love it because it's an afternoon tea from 3:00-5:00, and all the fashions are from Howland Place. I've been trying to get on her good side for years, and for $8, I'll look like daughter-in-law of the year! This will be just her 'style' and I can get some fashion ideas for the new season so I can look great for you, Harry.

"I'm so busy trying to have fun, there's absolutely no time to cook! We should try the **SUNDAY MORNING BREAKFAST BUFFET** at the Inn -- I love Sundays ... $6.95, Harry -- can you believe it? My friend Sally has been going every week and she doesn't stop eating until **COMEDY** starts at 8:00! By the time the night is over, we may as well make a room reservation so we don't have to drive home. Can you imagine there are some towns that don't even have a nice old Inn where you can go and relax and have everybody know your name?"

"Whatever you say, Dear."

THE INN -- everybody will be there.

in the Memorial Town Hall Auditorium.

The class is open to any area senior who is interested in gaining flexibility and enhancing muscle tone.

The 45-minute program is broken into 5 segments. First, warm-up exercises stretch out muscles and prepare the body for exertion. Next, a series of arthritis exercises recommended by the Arthritis Foundation help maintain and improve flexibility in the shoulders, elbows, wrists, fingers, hips, knees, ankles and toes. The next segment is made up of floor exercises which firm stomach and back muscles. The fourth set of exercises is aimed at arm and leg muscles. This is followed by a cool-down routine.

Each member of the class is encouraged to weigh in weekly and maintain a personal record card for his/her own information. Nutrition information handouts are available.

Pre-registration is not required. Join us on Tuesday or Thursday. For more information call the Recreation Department at 291-3186.

JAZZ DANCE AEROBICS

Jazz Dance Aerobics began a new session of classes September 9th. The program, sponsored by the Wareham Recreation Department, meets on Tuesdays and Thursdays in the Memorial Town Hall Auditorium.

Both a high and low impact version of Jazz Dance Aerobics will be offered. High impact classes will meet from 6:30 to 7:30 p.m. Low impact classes will meet from 5:30 to 6:30 p.m. A 9:00 am. Saturday class may be added to either schedule for an additional fee.

The instructor for the course is Wendy Bryant, who is I.D.E.A. certified. Her routines consist of a series of choreographed jazz dance steps, aerobic exercises, floor exercises, monitoring of heart rates and discussion on injury prevention, proper form and adopting healthful living habits.

Project GROW

TRI-TOWN EARLY CHILDHOOD ADVISORY COUNCIL

The Tri-Town Early Childhood Advisory Council is planning the first meeting of the 91-92 school year for Tuesday, September 17th, beginning at 3:30 p.m. in Room 30 at the Sippican School, Marion.

Project GROW, the local early childhood project, has been funded for the up-coming school year through a combination of state grants and local school support. The advisory council oversees the work of the project which includes the Project GROW preschool program, screening services for three and four year olds, parent and early childhood professional resources, and efforts to link the network of early childhood providers. Advisory council meetings serve as a forum for issues of our community's young children and their families.

The council will elect officers for the coming year. An overview of project activities planned for 1991-1992 will be presented. Interested community members are invited to attend.

American Redware Lectures

AT HERITAGE PLANTATION

An American Regional Redware Lecture Series will be held on three consecutive Wednesdays, at 7:00 p.m., beginning the fourth week of September in the theatre of the Shaker Round Barn at Heritage Plantation.

"Pots and Potters of Pennsylvania" is the first lecture given by Lester Brieninger of Pennsylvania, September 25th. Nationally noted redware potter, Mr. Brieninger is also an ardent collector of traditional earthenware of Pennsylvania. His interest in traditional potting was instrumental in starting his collection of redware, which is considered one of the finest collections in private hands today.

"The History and Artifacts of Shenandoah Pottery", by Dr. Gene Comstock of Virginia, October 2nd, is the second lecture. Dr. Comstock's presentation will feature the history of Shenandoah pottery. Also included will be a discussion of types, identification and values of American pottery, especially pieces from other southern regions. The lecture and slide presentation will be informal and questions may be asked at any time.

Dr. Comstock is a graduate of Concord College and the West Virginia School of Dentistry. He is presently engaged in the full-time research and writing of the American antique trades and is the author of two books on Shenandoah Valley pottery. He is currently writing books on the subject of Shenandoah Valley furniture and cast iron. Dr. Comstock also serves as a consultant to numerous museums and historical societies and has been guest curator for several museum exhibits.

"Earthenware of New England", the last lecture, on October 9th will be presented by Brian Cullity, Curator Art Museum, Heritage Plantation. Mr. Cullity will show a slide lecture focusing on regional characteristics of the various potteries of New England. Particular emphasis will be given to pottery from Bristol County and Cape Cod. All major earthenware centers of New England

Making Strides: Cancer Benefit

TERRY FOX RUN

Doing something to help others can make a person feel great. That good feeling is multiplied when a group of people work together for a good cause. For this reason and a concern about fighting cancer, local hospitals, businesses, churches and other community organizations in the Greater New Bedford area are organizing teams for Making Strides, the sixth annual Terry Fox Run, a September 22nd move-along-athon in Boston to benefit the American Cancer Society.

The Making Strides route starts and ends at the Four Seasons Hotel across from the Public Garden. Registration, a cancer information fair and an aerobic exercise warm-up begin at 9:30 a.m. and the run starts at 12:00 noon.

The goal of the event is to raise $175,000 for the American Cancer Society's community programs of research, education and patient services.

"Groups were such an important part of our success last year that we're focusing on expanding their role in this year's event", said Pamela Dagenais, Income Development Co-chair for the American Cancer Society's Greater New Bedford Unit. "Of last year's participants, one out of ten came as part of a group, raising 20 percent of the funds. Groups of health professionals from local hospitals, walking clubs from area companies, families affected by cancer, youth sports teams and others are encouraged to join Making Strides."

Participants may walk, run, roller skate or ride bicycles, skateboards or wheelchairs around the five-mile course, raising funds to benefit the American Cancer Society while raising awareness of the fact that today more than half of all cancer patients can be cured. Timing equipment will be available for runners.

in honor of Terry Fox, Making Strides welcomes individuals of all levels of physical ability, especially cancer patients and their families, and anyone concerned about fighting cancer. Terry Fox was a young cancer amputee who ran two-thirds of the way across Canada before losing his battle with the disease in 1981.

Making Strides participants contact friends, family and business associates for pledges toward their efforts. They bring collected pledges to the Four Seasons Hotel, where prizes are awarded for money raised. Then they take off on a five mile circuit around Boston's Charles River Esplanade. Prizes will be awarded for the most contributions presented at registration on September 22nd, including a weekend for two at the Four Seasons Hotel.

According to Norma Olivier, president of the American Cancer Society's greater New Bedford Unit, funds will enable the American Cancer Society to expand services to cancer patients and their families, channel support to promising research projects and offer more prevention and educational programs to teach people how to reduce their risk of developing cancer.

Registration forms and information about group or individual participation and about arranging transportation to Boston for the event is available from the American Cancer Society's Fairhaven office by calling 996-6262.

Board of Appeals Decisions

reported by Virginia Morgan

DAY CARE CENTER APPROVED

Two Special Permits were granted and one was denied by the Mattapoisett Board of Appeals, announced recently.

The application of John J. and John M. Barrett, 30 Rocky Knook Lane, Marion relating to property at 2 Brandt Island Road, was granted a special permit to conduct a proposed day care center in an existing two-story, cape-style structure containing office space on the first floor and a residential apartment on the second floor. Upon a unanimous vote of the board, the petition was amended by striking a request for a special permit under a different section of the zoning by-law.

The property is located in the General Business District and has been the subject of prior decisions of the board. No one appeared in opposition to the application; however, the Planning Board, based upon the initial submissions of the applicant, expressed concerns regarding safety and traffic and the adequacy of the proposed outdoor play area.

The applicants proposed to convert the use of the building to a day care facility for as many as 30 children. The day care center would be open Mondays through Fridays

from 6:30 a.m. to 6 p.m. No changes are proposed to the existing structure. However, the applicants propose to fence off a 50 foot by 34 foot play area on the south side which would be accessible directly from the day care center building. In addition, the applicant has constructed a five foot high vinylized chain link fence along the Route 6 (north) side of the property to prevent vehicular traffic from entering or exiting the property from Route 6. A parking plan has been submitted which includes long-term parking along the north side and an oval parking driveway area on the Brandt Island Road side for drop-off and pick-up of children.

The Appeals Board found that under Section III.B.1.b. of the zoning by-law the proposed day care facility will serve a growing community need for child care, that it will have no impact on scenic vistas or shoreline access, that it will have no adverse impact on nearby uses. Also, that the roads, drainage and other public services are adequate in relation to the property, and the potential demands on community facilities and services will be no greater than the demands placed on those services and facilities by other businesses located in the general business district.

There will be no adverse impact on the natural environment. A report from a certified engineer indicates that the existing on-site septic system is adequate to support a 30-child day care facility. The board found the construction of the chain link fence on the Route 6 side of the property is sufficient to address traffic problems. However, the granting of the special permit will be specifically conditioned on the review by and written approval of the Town Safety

Officer of the proposed traffic flow and parking. Also, written approval is to be provided to the building inspector prior to the issuance of any permits.

Joseph and Judith L. Medeiros of Bridgewater were granted a special permit for alterations to an existing, nonconforming structure, a single-family dwelling in the Waterfront 30 District at 15 Angelica Avenue. The applicants propose to add a 14 foot six inch by 15 foot second story addition to the existing house for use as a study-library. The additions would not affect the existing setbacks and would not increase the nonconformity of the structure. However, the proposed alterations would increase the height of the structure from 22 feet eight inches to 29 feet nine inches. The proposed alteration would not increase the number of bedrooms (two) or baths.

A letter from Richard Charron, a registered professional engineer, indicated that there is no evidence of current or past failure of the septic system on the applicants' property. No one appeared in opposition.

The application for a special permit and petition for a variance by Joan Randall, 5 Mechanic Street, relating to property at 5 Mechanic Street, was denied. The petition was for the renovation and repair of a lawfully non-conforming structure with the intent of converting its use from shop/garage to a single family dwelling/garage. The property is in the Village Residence Dis-

trict. The lot contains 8,118 square feet.

The property contains two structures: a two-story wood frame single family dwelling consisting of three bedrooms, and a two-story wood frame shop/garage in disrepair and non-utilized since the 1940s.

The applicant proposed to convert the shop/garage to a single family dwelling, consisting of a living room, dining room, kitchen, half-bath and utility on the first floor and four bedrooms and a full bath on the second floor. A one-stall garage is included on the ground level as well in keeping with the original footprint of the existing structure.

The board is unable to make the findings required under the zoning by-law with regard to the variance. Insufficient evidence was presented to the board by the petitioner to meet the criteria necessary to grant a variance. The petition for a variance and special permit were both denied. This decision and all plans relative to this decision have been filed with the Planning Board and Town Clerk.

In a recent Appeals Board decision, Mark E.and Teresa Kagan, 65 Long Plain Road were granted a Variance from the applicable square footage requirement for their property at 65 Long Plain Road in the Rural Residence 40 District.

The Kagans purchased the lot in 1978 for its potential for division into two lots. The

lot contained 82,014 square feet. When it was purchased the Kagans did so on the basis there was enough square footage for two lots and the Kagans paid the appropriate price for the lot. When the petitioners decided to divide the land they found that a mistake had been made when the lot was originally created, which resulted in the proposed new lot being 98 square feet short of the required zoning.

The board found a literal enforcement of the by-law would involve substantial hardship, financial and otherwise to the petitioners.

Flea Market, Acushnet

A Flea Market will be held at the Long Plain United Methodist Church, 1215 Main Street, Acushnet September 21st from 9 a.m. to 3 p.m.; rain date, September 28th.

A 20' x 20' space is still available for $15.00. For more information call Sue at 763-9561.

The church will have a snack bar and white elephant table plus a delicious baked goods table.

Join us there. Don't miss it.

Friday, September 20th, from 9:30 a.m. to 3:30 p.m., and a Diamond Duet Basket class will be on Saturday, October 26th, from 9:30 a.m. to 3:30 p.m. Both workshops are being held in the theatre of the Round Barn.

The Apple Basket has a double bottom which is round in shape. It is made of flat reed with a raised center and a carved handle with a sturdy upper rim. It has an eight-inch diameter and is about five inches deep. It is fashioned after a traditional New England apple picking basket. A natural dye will be available to finish the basket. The Diamond Duet Basket was inspired by an old Indian spoke bottom basket. Students will learn how to construct a traditional "apple" base with dyed weavers and then weave the side with a diamond twill pattern. Finished, the basket measures approximately 10 inches in diameter and is 5 inches deep. This open bowl-shaped basket is completed with a folded and lashed rim.

Miss Stanton is a self-taught basketmaker whose baskets are exhibited and sold in shows and galleries throughout the United States. Her original designs have been featured in a variety of fiber art publications. She has been teaching basketmaking classes at Heritage Plantation for the past ten years.

All materials will be provided. A short
